Florida Agricultural and Mechanical University

2010/2020 Vision with Courage: Recruitment in a New Era

DIVISION OF STUDENT AFFAIRS

Executive Summary

Division of Student Affairs

- The Division of Student Affairs will provide exemplary student support services to the campus community where all students will be motivated to be successful. They will be given various academic, social and technological opportunities that ensure their success at the university and the community.

Goals

Division of Student Affairs

- **President's Goal: To be a best-in-class land grant, doctoral research, and student – centered university that serves African Americans and low wealth students with an international presence.**

Strategy

Division of Student Affairs

- **Strategic Initiative 1:** 21st Century Living and Learning Community
- **Strategic Initiative 2:** Excellence in Process and Procedure
- **Strategic Initiative 3:** Develop, Enhance, and Retain Resources to Achieve Mission
- **Strategic Initiative 4:** Excellence in University Relations and Development
- **Strategic Initiative 5:** Enhance Environment to Promote Internationalization, Diversity, and Inclusiveness

Implementation Plan

Division of Student Affairs

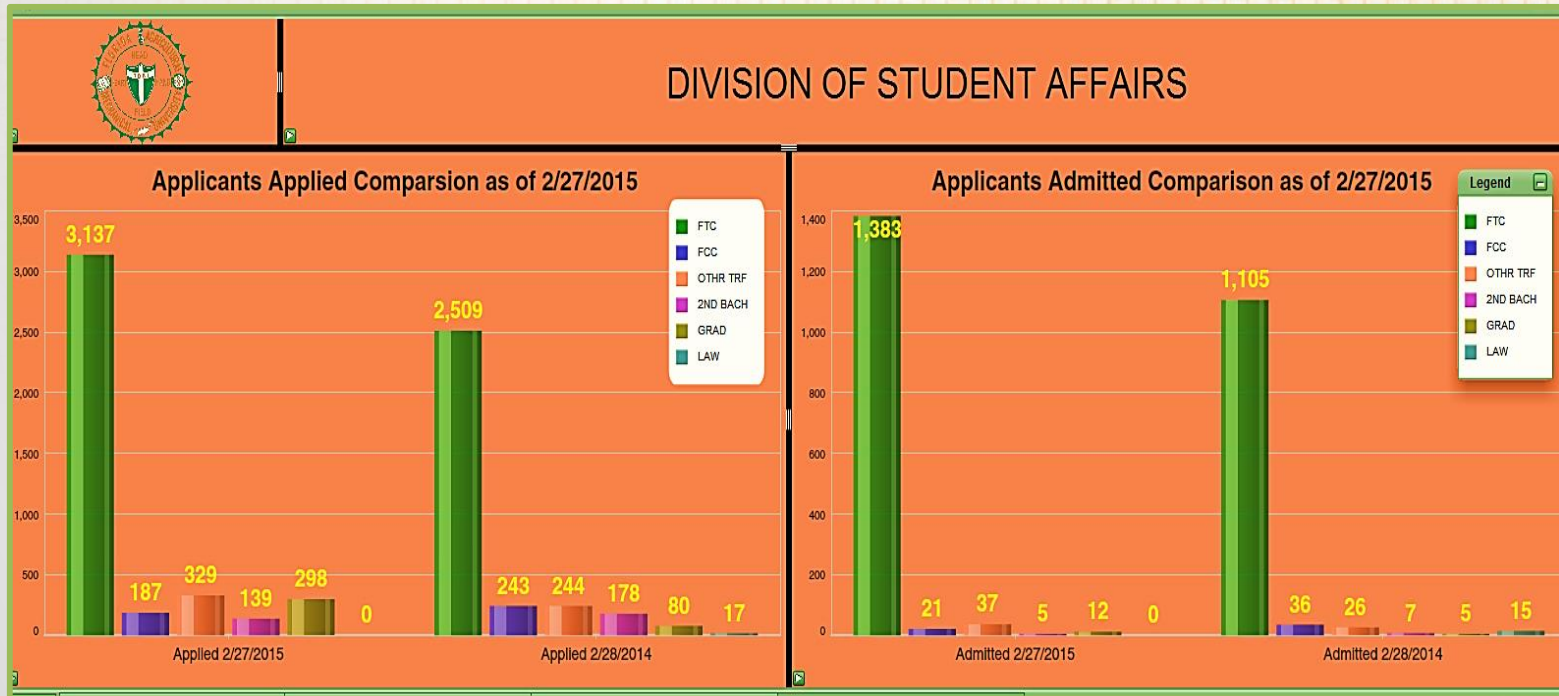

- Goal 1: Leverage technology, staff cross training, and evaluation of business process to expedite recruitment, admissions, and financial aid.
- Goal 2: Survey administration and staff to assess best practices to improve business process and implement strategies recommended. Establish continuous incremental change by identifying change agents and change resisters. Empower staff by widening the circle of involvement in the improvement of business processes.
- Goal 3: Increase student critical thinking through education and participation in business processes. Establish student liaisons in critical areas. These students will be trained in specific areas of campus safety, recruitment, retention, progression, and graduation. Student liaisons will communicate with current and future students via social media, town hall meetings, first year experience courses, academic success courses, and scheduled events for faculty, staff, and students.
- Goal 4: Implement programming university wide to promote a diverse campus. Establish living learning communities in the residence facilities to promote cohort learning.
