Any student requesting such a waiver must provide certification of eligibility from the Department of Children and Family Services to the university. This waiver shall remain valid up until the time the student reaches the age of 23, and shall be limited to undergraduate degree programs, and shall not exceed 120 credit hours.

In situations where admissions or financial aid application deadlines preclude providing a DD-214 in time to meet such a deadline, the official (service specific) transmitting correspondence that would normally accompany such an award to a previously discharged service member would suffice until an updated DD-214 could be obtained and presented to the university. However, the updated DD-214 must be submitted to the university by the start of the student's next term of enrollment for continued eligibility for the waiver. In situations where a service member is on active duty and has not been issued a DD-214, the official (service specific) transmitting correspondence that would normally accompany such an award or a certification of the appropriate combat award by the service specific administrative record holder [e.g. Adjutant, G-1 (general staff officer – personnel) or JAG (Judge Advocate General)] would meet the documentation requirement.

(d) A waiver for a Purple Heart recipient or recipient of another combat decoration superior in precedence shall be applicable for 110 percent of the number of required credit hours of the degree or certificate program for which the student is enrolled. This waiver is considered "countable aid" for student financial aid purposes. Therefore, if this waiver is administered by an office other than the university financial aid office, university officials must notify the Director of Financial Aid that a student has qualified for the waiver. The waiver covers only tuition and fees associated with credit hour instruction provided directly by the university and does not include any additional fees that may be charged for specialized programs or by external organizations. This includes, but is not limited to, flight school, study abroad travel and living expenses and courses taken elsewhere as a transient student.

(13) State Employees – The University shall waive tuition and associated fees for up to six (6) credit hours per term on a space available basis for state employees.

No academic credit shall be awarded for attendance in classes for which fees are waived under this subsection. This privilege may be granted only on a space-available basis, if such classes are not filled as of the close of registration. The university may limit or deny the privilege for courses which are in programs for which the Board of Governors has established selective admissions criteria. Persons paying full fees and state employees taking courses on a space-available

basis shall have priority over those persons whose fees are waived in all cases where classroom spaces are limited.

(16) Intern Supervisors – Person who supervise interns for the university may be given one non-transferable certificate (fee waiver) for each full academic term during which the person serves as an intern supervisor. This certificate shall provide for waiver of basic fee (as defined in Board of Governors Regulation 7.001).

(b) Certificates shall be valid for three years from the date of issuance.

(f) The university shall maintain accurate data on Intern Participation Certificates and annually submit a report of certificate activity to the Board of Governors according to a prescribed format.

(17) Non-resident students – Non-resident students who are non-degree seeking may be entitled to a waiver of the out-of-state fee if the credit hours generated by such students are non-state fundable and the cost for the program of study is recovered from the fees charged to all students.

(18) Admissions Deposit – The University must adopt policies that provide for the waiver of this deposit on the basis of financial hardship.

(19) Wrongfully Incarcerated – The University shall waive tuition and associated fees for up to 120 hours of instruction if the wrongfully incarcerated person meets and maintains the regular admission requirement of the university; remains registered and makes satisfactory academic progress as defined by the university. (a) A student whose tuition and fees are waived under this program must be a resident for tuition purposes under s. 1009.21, F.S., must not have previously earned a bachelor's degree, and must be enrolled in an online baccalaureate degree program as defined in paragraph 2, provided the student meets one of the following eligibility requirements:

A student who qualifies for this tuition discount is eligible to receive the discount for up to 110 percent

The University is not required to independently verify the statements contained in each declaration if the signatory declares it to be true under the penalties of perjury as required by s. 92.525(2), F.S. However, the University may refer any signed declaration suspected of containing fraudulent representations to law enforcement.
 3. Beginning with students who initially enroll for the 2022-2023 academic year or thereafter, the University shall, within the nonresident student enrollment system-wide, prioritize the enrollment of a student who is granted a fee waiver under this subsection over an out-of-state student who is not eligible for an out-of-state fee waiver if the students have substantially similar academic and other credentials used in determining admission to the University.
