Re: Status of Select Athletics Reporting Requirements

As a follow-up to our previously issued management letters on this subject matter, we are providing an updated status of FAMU Athletics compliance with the following select reporting requirements:

1. **NCAA:** <u>Agreed-Upon Procedures (AUP)</u> - NCAA Bylaw 3.2.4.15.1 requires, "The report shall be subject to annual agreed-on verification procedures approved by the membership (in addition to any regular financial reporting policies and procedures of the institution) and conducted by a qualified independent accountant"

2. Annual Financial Statement Audit: <u>BOT Policy Number 2005-16 Audits of University</u> <u>Athletics Finances</u> – "All sources and expenditure of funds associated with the University's Intercollegiate Athletic Programs shall be annually audited by an independent outside auditor..."

The NCAA includes detailed information about these reporting requirements and associated deadlines on their FAQ page. Other Athletic Department BOT policies can be found at: <u>http://www.famu.edu/index.cfm?BOT&Policies</u>
