Mission and Vision Statement

VISION STATEMENT

Florida A & M University (FAMU) will be internationally recognized as a premier land grant and research institution committed to exemplary teaching, research, and service preparing transformational graduates with high ethical values dedicated to solving complex issues impacting our global society.

MISSION STATEMENT

Florida Agricultural and Mechanical University (FAMU) is an 1890 land-grant institution dedicated to the advancement of knowledge, resolution of complex issues and the empowerment of citizens and communities. The University provides a student-centered environment consistent with its core values. The faculty is committed to educating students at the undergraduate, graduate, doctoral and professional levels, preparing graduates to apply their knowledge, critical thinking skills and creativity in their service to society. FAMU's distinction as a doctoral/research institution will continue to provide mechanisms to address emerging issues through local and global partnerships. Expanding upon the University's land-grant status, it will enhance the lives of constituents through innovative research, engaging cooperative extension, and public service. While the University continues its historic mission of educating African Americans, FAMU embraces persons of all races, ethnic origins and nationalities as life-long members of the university community.

CORE VALUES

Florida Agricultural and Mechanical University holds the following values essential to the achievement of the University's mission:

- Scholarship
- Excellence
- Openness
- Fiscal Responsibility
- Accountability
- Collaboration
- Diversity
- Service
- Fairness
- Courage
- Integrity
- Respect
- Collegiality
- Freedom
- Ethics
- Shared Governance

Florida Agriculture and Mechanic University Strategic Plan 2017-2022

FAMU Rising

http://www.famu.edu/Strategic/FAMU%20Strategic%20Plan%202017-2022%20Final_reduced%20size.pdf

FLORIDA AGRICULTURAL AND MECHANICAL UNIVERSITY (FAMU) has entered a new and exciting phase in our evolution, providing us with an opportunity to evaluate and refine our priorities, while “Rising” to meet the challenges of an ever-changing higher education landscape and highly competitive global marketplace.

- **Global:** The global marketplace has changed dramatically in recent years through advances in technology and improvements in the quality of national higher education systems across the world. Universities must meet this challenge by producing graduates with the requisite skills and experiences to compete on a global scale.
- **National:** Across higher education, competition for high-achieving students has increased, the cost of a degree has steadily risen, and an increasing number of institutions are turning to alternative delivery models of instruction. Universities are also placing increasing focus on engagement and extracurricular education.
- **Florida:** Florida higher education has changed dramatically in the last several years, with an increased focus on accountability. Performance-based funding for public universities has transformed Florida higher education and focused state universities on data-driven outcomes.
- **HBCU:** HBCUs have encountered several challenges in recent years, with many institutions struggling to respond to the rising costs of educating students, changing requirements in need-based federal financial aid and increased competition for students. We have established bold, ambitious goals, with a focus on enhancing the quality of the student educational experience. Our vision is for FAMU to be recognized as a premier land-grant, doctoral research institution that produces globally competitive graduates. To aid us in achieving this vision, we have established six strategic priorities with corresponding goals that will enable collaborative, laser-focused execution of our Strategic Plan and elevate FAMU’s performance against both internal and external metrics.
 - **PREMIER:** As we continue to strengthen and grow our comprehensive academic program offerings, we strive to be among the leaders in the higher education community in providing quality high impact educational experiences for our students.
 - **1890 LAND-GRANT:** We will bolster our delivery and mix of academic programs and outreach initiatives related to agricultural and related disciplines.
 - **DOCTORAL RESEARCH:** Research is central to our mission and vision for the University, and we are committed to making our research enterprise a University-wide priority. We aspire to have the research footprint and impact of an internationally recognized doctoral-research university.
 - **GLOBAL IMPACT:** We seek to have an increased global impact through more direct student and faculty engagement with the international community, as well as indirect influence through the quality of our instructional and research programs.

FAMU STRATEGIC PLAN 6

These four key elements are at the core of FAMU’s mission and are reflected in the Strategic Priorities and Goals described in this document.

- **Strategic Priority 1:** Exceptional Student Experience - Student success. We will increase student success and improve the overall student experience by enhancing academic support services, strengthening our academic degree programs, enhancing our living-learning environment, and promoting innovative co-curricular activities.

• **Strategic Priority 2:** Excellent and Renowned Faculty – Faculty excellence. We will attract and retain world-class faculty, improve faculty incentives and invest in critical research facilities.

• **Strategic Priority 3:** High Impact Research, Commercialization, Outreach, and Extension Services – Research that makes a difference. We will refine our research priorities, expand our research productivity and commercialization footprint, and build upon our contributions in outreach and extension, as we continue to grow the University’s reputation as a doctoral-research university.

• **Strategic Priority 4:** Transformative Alumni, Community, and Business Engagement – Building and expanding our partnerships. We will increase engagement with our alumni base, business partners, and within our local, national and global communities to increase our impact and grow financial support for the University.

• **Strategic Priority 5:** First-Class Business Infrastructure – Business operations that support our mission. We will recruit and retain an excellent and diverse staff, enhance our administrative services, adopt a more transparent and effective budgeting model, and leverage technology to make our operations more effective and efficient.

• **Strategic Priority 6:** Outstanding Customer Experiences – Leadership through service. We will **consistently** provide high-quality customer experiences in all facets of University operations. These six Strategic Priorities will help FAMU transform in a strategic and focused manner over the next five years, ensuring all of the many initiatives we intend to implement drive us towards our singular aim: becoming a premier, land-grant, doctoral research institution that produces globally competitive graduates.

FAMU STRATEGIC PLAN KEY PERFORMANCE INDICATORS		
2017	METRIC	2022
83%	FTIC 2nd-year retention rate	88%
74.6%	Academic progress rate (2nd year retention with GPA above 2.0)	85%
18%	FTIC 4-year graduation rate	40%
40.7%	FTIC 6-year graduation rate	60%
28.3%	Percent of Bachelor's degrees without excess credit hours	60%
64.6%	Percent of Bachelor's graduates enrolled or employed full-time (earning salary of \$25,000+)	75%
\$32,700	Median wages of Bachelor's graduates employed full-time	\$38,000
\$12,640	Average cost to student	\$11,000
48%	Bachelor's degrees awarded in programs of strategic emphasis	55%
58.2%	Graduate degrees awarded in programs of strategic emphasis	65%
749	AA transfers headcount enrollment	1,100
2,279	Number of degrees awarded	2,500
20	Number of research doctorates awarded	30
9,614	Fall headcount enrollment	12,000
3	Number of patents	6
\$45.4M	Total R&D expenditures	\$50M
\$6.4M	Annual giving	\$15M
\$115.6M	Endowment value	\$155M

Florida Agricultural and Mechanical University**

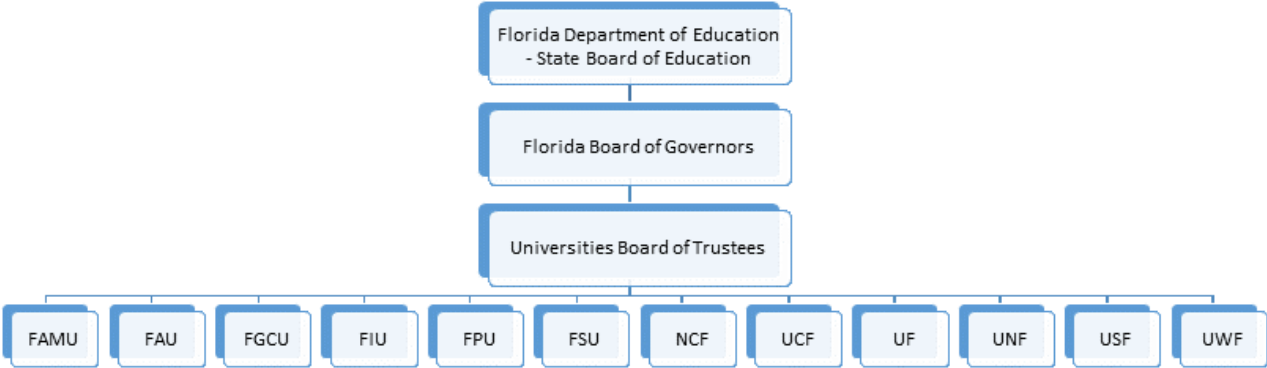

University Presidents List

1887-1901	Dr. Thomas DeSaille Tucker
1901-1923	Dr. Nathan B. Young
1923-1924	Dr. W.H.A. Howard
1924-1944	Dr. John Robert Edward Lee, Sr.
1944	Dr. J.B. Bragg
1944-1949	Dr. William H. Gray, Jr.
1950-1968	Dr. George W. Gore, Jr.
1968-1977	Dr. Benjamin L. Perry, Jr.
1977-1985	Dr. Walter L. Smith
1985-2001	Dr. Frederick S. Humphries
2001-2002	Dr. Henry Lewis - Interim
2002-2004	Dr. Fred Gainous
2005-2007	Dr. Castell Bryant - Interim
2007-June 2012	Dr. James H. Ammons
July 2012 -March 2014	Dr. Larry Robinson - Interim
April 2014 - September 2016	Dr. Elmira Mangum
September 2016 - November 2017	Dr. Larry Robinson - Interim
November 2017 - Present	Dr. Larry Robinson

Florida Board of Governors Organizational Structure

Florida Board of Governors Members

The Board of Governors is comprised of seventeen members, fourteen of whom are appointed by the Florida Governor and confirmed by the Florida Senate for a term of seven years. The remaining members include the Chair of the Advisory Council of Faculty Senates, the Commissioner of Education, and the Chair of the Florida Student Association. The Board oversees the operation and management of the Florida public university system's twelve institutions (On April 20, 2012 legislation was signed that immediately created Florida Polytechnic University as a new institution in the State University System of Florida).
