

# The Intersection of Assessment and Holistic Student Experiences

FAMU Assessment Day  
Amelia Parnell, Ph.D.

# Agenda

- About Amelia & NASPA
- What's Going On?
- 3 Strategies for Embedding Assessment in Our Work
- Additional Priorities & Considerations
- Resources Throughout
- Questions

# About Amelia

Optimist | Researcher | Connector | Friend

# About NASPA

- 100-year-old association that provides professional development, advocacy, and research for over 14,000 members
- Focused on common functional areas within student affairs (housing, advising, conduct, assessment) as well as broader higher education themes (access, persistence, and degree completion)

# What's Going On?

Current Trends in Higher Education and Assessment

# The Current State of Higher Education: 5 Big Questions

- How stable will institutions' financial position be over the next 2-3 years?
- How will institutions balance free speech and safety?
- Will COVID-19 result in permanent shifts in residential campus operations?
- How will requirements to measure and report students' performance change?
- Will we need new talking points for debates about the value of a college experience?

Resource Suggestion: [Postsecondary Value Commission Report](#)

# Equitable Value: Promoting Economic Mobility and Social Justice through Postsecondary Education

## Features:

- A shared definition of college value that can inform policy and practice
- A measurement framework for how individual colleges and universities create equitable value for students
- An action agenda to encourage changes in policy and practice leading to more equitable value

**Website:** [postsecondaryvalue.org](https://postsecondaryvalue.org)

# Current Trends in Assessment

# Trend 1: We have many assessment needs!

- **Student Learning**

- Discipline-based courses

- Co-curricular learning

- Prior learning assessment

- **Finance and Operations**

- Resource Allocations** (balancing micro and macro solutions)

- Technology** (capacity to leverage multiple systems efficiently)

- Strategic Communication** (effectiveness of messaging)

- **Human Resources**

- Salary and Compensation** (pay scales, market alignment)

- Work/Life Integration** (evolution and evaluation of work schedules and locations)

- Stress Testing** (stay interviews, exit interviews, contingency planning)

## Trend 2: In many instances, we need more people!

- **Limited IR Capacity**

AIR Jobs Board - 89 open positions

As of 11/11/21

**Average IR office has a staff FTE of 3.9**

The range is from 6.3 FTE at the average public 4-year institution to 2.8 FTE at the average private 4-year institution

- **Varying Levels of Expertise**

**Generalists**

Example: student affairs assessment

**Specialists**

Example: finance and operations, accreditation

## Trend 3: Assessment-related training is in high demand!

- **Local, Regional, and National Networks**

FAMU Assessment Day

Assessment Institute

National Organizations

- **Varying Topics**

Data literacy and analysis

Privacy and governance

Equity-focused methodologies

Strategic planning

# What Can We Do?

3 Strategies for Embedding Assessment in Our Work

# 3 Strategies for Embedding Assessment in Our Work

## Set Clear Goals for Student Success

Let's show how college can be a transformational experience.

## Commit to Collaboration

Let's work together to ensure that learning happens everywhere.

## Understand Your Data Identity

Let's discuss and share our individual data-related strengths.

# Strategy #1

# Set Clear Goals

# Student Success Is Everywhere at Our Institutions

## Positions

Student Success Coach  
Director of Student Success

## Metrics

Student Success Goals,  
Objectives, and Indicators

## Programs

Campus-Wide Student  
Success Initiatives  
Student Success Summit

## Mission

Strategic dedication and  
commitment to student  
success

## Departments

Office of Student Success  
Student Success Center

# How Are We Currently Defining Student Success?

**Retention**

**Persistence**

**Graduation**

# Let's Expand Our Descriptions of Student Success - A Successful Student:

Understands how to balance competing individual and community priorities

Knows how to manage resources for which they have and share responsibility

Realizes their unique contributions and can leverage abilities to improve their conditions

## Strategy #2

# Commit to Collaboration

# Cross-Functional Collaboration Is Happening!

60%

Institutional researchers reported involvement in assessing the impact of interventions

59%

Student affairs professionals reported involvement in developing the institution-wide data strategy

30%

Information technology professionals reported involvement in managing the early-alert system

# 81%

of professionals said they anticipate **working more closely with academic affairs.**

# 66%

of professionals said they anticipate **working more closely with the diversity office.**

# Learning Happens Everywhere

- Comprehensive learner records contain data from co-curricular transcripts, badges, e-Portfolios and other digital instruments
- Institutions are using data from these records to show the impact of engaging in out-of-classroom activities on students' performance
- AACRAO, NASPA, and NILOA partnered to help 100+ institutions create comprehensive learner records

“The success of institutions in the Comprehensive Learner Record project demonstrates the increased awareness that learning occurs in many ways, locations and times.

The intentionality around that learning is increased when faculty are involved in a process to review learning outcomes within a course, program, degree, student experience or other learning mechanisms.”

Strategy #3

# Understand Your Data Identity

# The Data Identity Framework

A Six-Component Guide to Helping You Find Your Data-Related Strengths

# The Data Identity Framework

## Curiosity & Inquiry

Ability to Formulate and Ask Clear Questions

## Research & Analysis

Ability to Select and Use Appropriate Methodologies

## Communication & Consultation

Ability to Clearly Discuss Findings with Multiple Audiences

## Campus Context

Knowledge of Current Issues and Trends within the Institution

## Industry Context

Knowledge of Current Issues and Trends in Higher Education

## Strategy & Planning

Ability to Select and Execute a Course of Action

# Understanding the Framework: 4 Principles

- Each component is a valuable part of one's data identity. Therefore, the components are not provided in a sequential or ranking order.
- Within each component, some professionals will have much more experience and knowledge while others have less.
- All 6 components are valuable to engaging in collaborative work on a campus.
- The level and frequency at which professionals engage in activities related to each component will vary.

# Data Identity Framework Sub-Components

## Curiosity and Inquiry

Issue Clarity

Question Formation

Historical Context

Stakeholder Impact

## Research and Analysis

Research and Analysis +  
Communication and  
Consultation

## The Connector

Curiosity and Inquiry + Campus  
Context

## The Mission Monitor

Strategy and Planning +  
Campus Context

# Looking Ahead: Additional Priorities

**“Right now, and I think moving forward in the next five years, there will still be a lot of emphasis on big data. There will be a more heightened sense of the different analytical tools and resources that folks can get access to so they can figure out how to better serve their institutional mission and their students’ needs.**

**Whole programs of study are being redesigned and I think some of that redesign is going to be based on how people are looking at student needs based on their use of analytics.”**

Eboni Zamani-Gallaher, University of Illinois at Urbana-Champaign

Source: You Are a Data Person (Parnell, 2021).

## Additional Priorities

- Strategic Communication
- Campus Policy and Advocacy
- Prior Learning Assessment and Competency-Based Education
- State and Federal Compliance

**50%** 

of students say they do not always read emails from their institution or academic department

**40%** 

of students say they do not always read emails from their advisors

34% 

of professionals said they are **not at all prepared or a little prepared to leverage technology to foster community engagement online.**

20% 

of professionals said they are **not at all prepared or a little prepared to address legal and compliance issues.**

Resource Suggestion: NASPA Research Report [Wesley and Dunlap, July 2021]

# Moving from Words to Action: The Influence of Racial Justice Statements on Campus Equity Efforts

## Features:

- Content analysis of racial justice statements made by 300 institutions in spring and summer 2020
- NASPA/NADOHE joint survey of vice presidents and chief diversity officers regarding statement-making logistics
- Review of institutions' reported short- and long-term actions
- Discussion of areas for change

Available on the [NASPA Website](#)

# **Additional Considerations**

# Additional Considerations

**Change  
Management**

**Politics and  
Competition**

**Crisis  
Management**

**Resource  
Constraints**

Friendly Reminder  
**Assess needs and processes  
in addition to outcomes.**

## Today's Students Coalition

Website:

[todaysstudentscoalition.org](https://todaysstudentscoalition.org)

Twitter: @TS\_Coalition

**“Create a team of people who motivate you. I created an analytics community of practice that is inclusive of staff, faculty, as well students. I compose a monthly newsletter featuring various topics on analytics and I include related free events taking place in the area.**

**I also try to not just highlight the technical aspects of reporting, as the whole point of the community is to build some excitement around data and analytics.”**

Caroline Maulana, University of South Carolina
